

# Make a Mobile

To make your mobile you will need:

- Two ice-lolly sticks.
- Thread or thin string.
- Two lolly-pop sticks.
- Pritt Stick.
- Sellotape.
- Scissors.

**REMEMBER!** Be very careful when using scissors and always ask an adult to help you!

### Step One.

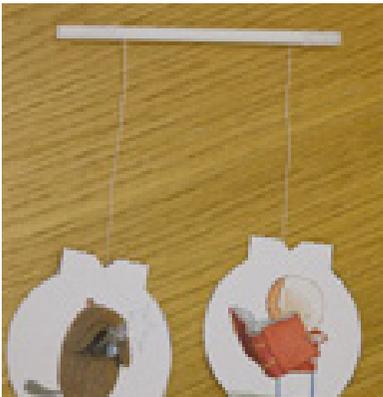

Cut out the pictures on the mobile activity sheet and fold in half along the dotted line in the middle. Cut out the hole along the fold in the paper.

### Step Five.

Tie the four small threads to the end of each lolly-pop stick.

Your lolly-pop stick should look like this:

### Step Two.

Cut 6 pieces of thread to approximately 10cm long. Cut two pieces of thread and approximately 30cm long.

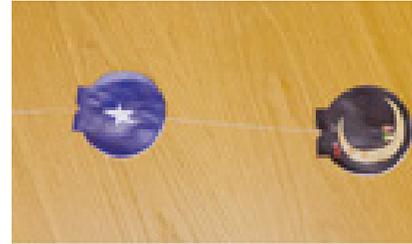

### Step Three.

Tape the end of the 10cm threads to the inside of the 4 smallest mobile pieces and then glue the two sides together using Pritt Stick.

### Step Four.

Run the 30cm thread through the middle of one of the large mobile pieces and tape it down. Tape the end of the thread inside the remaining mobile piece. Glue the two sides of the paper pieces together using Pritt Stick.

### Step Six.

Tie the long thread with the two large pieces on to the end of the one ice-lolly stick and then Sellotape the two ice-lolly sticks together in one main crossbar with the thread in the middle.

The cross bar should now look like this:

### Step Seven.

Using the remaining two 10cm threads, tie the lolly-pop sticks to each end of the wooden main crossbar. Tie the last 30cm thread to the middle of the crossbar and find a suitable location to hang your mobile.
